

Article Datasheet

Art.No.: 40891

**REPLACEMENT SCREEN PC
FOR ART. 40881**

Article Description:

Replacement visor for item 40881 - face shield to be worn without a helmet

- packing unit: 200/10

standard:

EN 166, EN 1731

Face shield to be worn without a helmet EN 1731:2006-F
(the set consists of a body and a visor)

Body:

Polypropylene, black_technology: EN 1731 F

- impact protection: F_low energy
- headband_polypropylene_twist lock and pinlock_3D-size adjustable
- forehead padding, black_polyamid_mounted

Visor:

Polycarbonate, clear_technology: EN 166 1 B

- optical class: 1
- impact protection: B_average energy (please note the warning below)
- measure: approx. 39,5 cm width x 20 cm length
- thickness: approx. 1,1 mm
- installation on the body is possible without tools (adjustment screws)

Warning! Since the impact protection of the body and the visor was certified differently under laboratory conditions, the complete eye and face protection device assigned the lower classification: F_low energy.

- packing unit: 40
